Approved by: Executive Leadership	Accessibility -Emergency Response Procedures for the Public	Original Date: January-10-2014

This is a controlled document prepared solely for use at Alexandra Marine and General Hospital (AMGH). AMGH accepts no responsibility for use of this material by any person or organization not associated with AMGH. No part of this document may be reproduced in any form for publication without permission of AMGH.
A printed copy may not reflect the current electronic document and should always be checked against the electronic version prior to use.

Policy

The Alexandra Marine and General Hospital is committed to providing as safe environment for all that who come to work or use the hospital, facility or services.

In compliance with the Integrated Accessibility Standards Regulation (IASR 2011) AMGH makes our emergency response procedures available to the public. Posters are placed in public spaces, describing the Hospital Emergency Codes and how the public is to respond. Our patient information pamphlet describes the Emergency Codes and describes how the public is to respond during an Emergency Code. Staff are also trained to assist public during a code.

This information is also posted on our website and is also available in accessible format upon request.
